

## P/N 0E90FSP/451

Flanged industrial pump s. 900, R 45:1 - 4400 g/min,  
with PU seals. Suitable for 180÷220 kg ram hoists

### SECTORS OF USE

Building and road construction, Industry, Mining, Lube  
trucks and transports

### FEATURES

|                            |                                    |
|----------------------------|------------------------------------|
| Ratio                      | 45:1                               |
| Flow rate                  | 4400 g/min                         |
| Compatible fluids          | greases and high<br>viscosity oils |
| Suction tube upper body    | carbon steel                       |
| Suction tube               | carbon steel                       |
| Air inlet connection       | G 1/2" (f)                         |
| Fluid outlet connection    | G 1/2" (f)                         |
| Max supply pressure        | 8 bar                              |
| Max air consumption 8 bar  | 1,6 m <sup>3</sup> /min            |
| Noise level                | 80 dB                              |
| Suitable for drums or tank | ram hoist 180÷220 kg               |
| Packing                    | No. 1 - 0,085 m <sup>3</sup>       |
| Weight                     | 16 kg                              |
